

## Careers

*Choosing a career is a major decision. Think about three different careers that interest you. For each career answer the following questions.*

**Career Choice #1:** \_\_\_\_\_

Who will you positively affect by working in this field?

How will this career make a difference for you, your family, your community or even the nation?

What skills do you have that will be an asset in this career?

What are some negative consequences of choosing this career?

**Career Choice #2:** \_\_\_\_\_

Who will you positively affect by working in this field?

How will this career make a difference for you, your family, your community or even the nation?

What skills do you have that will be an asset in this career?

What are some negative consequences of choosing this career?

**Career Choice #3:** \_\_\_\_\_

Who will you positively affect by working in this field?

How will this career make a difference for you, your family, your community or even the nation?

What skills do you have that will be an asset in this career?

What are some negative consequences of choosing this career?
