

## What is Boring? What is Exciting?

Have each of your students complete the template below to discover what they find boring and what they find exciting. Work with students to incorporate their ideas into daily lessons.

|   |  |
|---|--|
| What activities do you find boring and why?               | What could be done to make these activities more engaging?                                 |
| What activities do you find exciting/interesting and why? | How can we help make school more interesting and engaging based on what you find exciting? |
